

Minnesota State University, Mankato  
University Procedure

**Procedure Name:**

Extension of Bulletin Expiration Deadline: Active Duty Call-Up

**Custodian:**

Office of the Registrar.

**Effective Date:**

When students are called into active military duty for a period of 1 or more years, time spent on active duty will not count as part of the seven year bulletin expiration deadline. Those students affected, upon their request, will be able to complete their programs using the catalog under which they began their academic careers at Minnesota State University, Mankato. The bulletin expiration for those students will be expanded to include the time that was spent on active duty call-up. There will be a three-year limit to the expansion of the seven-year bulletin expiration date. This procedure applies only to undergraduate students and undergraduate programs.

Students wishing to make a request for an extended Bulletin Expiration Deadline should contact the Office of the Registrar.
